**EBES Newsletter**  
**Issue: 1, March 2014**

Dear EBES Members,

I would like to welcome you and thank you all again for your interest and support for **EBES** (Eurasian Business and Economics Society). I am pleased to share with you that in recent years the organization has grown multi-fold with respect to membership and importantly with respect to the quality of its programs and publications. I also congratulate and thank you for your cooperation in getting both EBES journals to be selected for future publications by the reputable publishing house, **Springer**.

It is time for us to take more active professional interest in enhancing the reputation of these two journals. If you are not currently subscribing to these journals, please do; if not, please ask our office for help with specific articles, we would be happy to be of help. Our goal is to have the journals indexed in SSCI. That needs significant recognition and respect of the current and recent past published articles in EBES journals by researchers at large. Please share our journal articles with your colleagues, co-authors, and others; take sincere interest - maintaining proper professional standard and highest ethical integrity - to see whether our journal articles are relevant to your own research; submit your good papers for consideration for your EBES journals and conferences.

I welcome your input and help in building EBES in the future. Once again, thank you.

Best Regards

Iftekhar Hasan, Ph.D  
President  
EBES
