Your ongoing support is integral to the success of our activities, and we are thrilled to keep you informed about the exciting developments within our society.

We kicked off the year with the *46th EBES Conference - Rome* on January 10-12, 2024. Organized with the support of *Istanbul Economic Research Association*, the conference served as a global platform for scholars and researchers from various institutes and universities to share their most recent research and exchange research ideas. At the conference, 170 papers by 365 colleagues from 48 countries were presented both online and in person at the *Faculty of Economics, Sapienza University of Rome* in Rome, Italy. We, EBES, would like to thank all of the conference participants and invited speakers for their contribution to the conference.

Our next conference is the *47th EBES Conference - Berlin*, which will jointly be organized with *GLO (Global Labor Organization)* with the support of the *Istanbul Economic Research Association* and in collaboration with the *FOM University of Applied Sciences*. The conference, which will take place on April 18-20, 2024, will host several leading researchers from the field of economics in keynote, editorial, and special sessions.
